Notice of extended working hours, Amersham vent shaft

February 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. As we increase face to face engagement, in addition to virtual engagement, we will ensure all events and meetings adhere to the guidelines. The health and safety of our workforce and the communities we work within is our priority. If you have any questions about this, please contact our Helpdesk to find out more.

Where and what are the works taking place?

As construction at our Amersham vent shaft site progress, we will be carrying out works following shaft excavation completion. This will require overnight working within the shaft itself. To allow these works to be undertaken safely, lights on the site will need to be on overnight from Monday 7 February to Friday 4 March 2022. The site lights will come on at 4pm each day to 8am the following morning.
