

Notice of road closure and traffic management, Rocky Lane

June 2022 | www.hs2.org.uk

High Speed Two (HS2) is the new high speed railway for Britain. We are following Government and Public Health England (PHE) advice on working safely during the pandemic. The health and safety of our workforce and the communities we work within is our priority. You can sign up for regular updates in your local area at www.hs2inbucksandox.co.uk.

What are we doing?

Over the summer, we will be carrying out preparatory works for the Rocky Lane bridge which will carry the HS2 railway line over Rocky Lane. The bridge forms part of the section of Rocky Lane which will be realigned and this is expected to be completed at the end of 2023.

In early July, we will be installing single lane closures on Rocky Lane with temporary traffic lights. This traffic management is expected to be place Monday-Saturday.

Beginning in the middle of July, we will start sheet piling for the Rocky Lane bridge. For reasons of safety, there will be a full closure of Rocky Lane during the day. This work is expected to take place Monday-Saturday.

Access to the residential properties at the west end of Rocky Lane, at the junction with A413, will be maintained.

When will these works take place?

Rocky Lane will have single lane closures using temporary traffic lights from Monday 4 July to Friday 15 July 2022 between 7.00am and 7.00pm to prepare for piling works.

Rocky Lane will be fully closed from Monday 18 July to Friday 19 August 2022 between 7.00am and 7.00pm for sheet piling.

To reduce disruption as much as possible, Rocky Lane is expected to be open overnight as well as on Sundays. Should there be any delays to our works for reasons beyond our control, these dates maybe subject to change.

These works are subject to consents.

If you have a question about HS2 or our works, please contact our HS2 Helpdesk team on 08081 434 434 or email hs2enquiries@hs2.org.uk

Where will the works take place?

The map below, shows the area of Rocky Lane that will be fully closed from Monday 18 July 2022.

We will maintain access for local residents and businesses.

What else is going on in the area?

From Monday 4th July to Saturday 9 July we will also be taking overnight possession of the Network Rail line near Small Dean Lane to install monitoring equipment adjacent to the rail line for the conveyor. We do not expect this to have a noise impact and it will not affect any train services. We will take possession of the rail after the last service of the night and hand the line back over before the first service the next morning.

Through July we will also be installing a temporary crossing point at the entrance to the conveyor compound, this is to enable traffic to safely access the site. The lights will turn red to stop traffic on London Road allowing our deliveries to cross and then turn green to clear queueing traffic on both directions.
