Please contact us if you'd like a free copy of this document in large print, Braille, audio or easy read. You can also contact us for help and information in a different language.

This event

This online web event is an opportunity for you to find out more about the ways in which we safeguard the quality and supply of water during our works in the Chilterns and Colne Valley. At this webinar you will be able to:

- hear from our experts about water treatment, monitoring and construction mitigation across our sites
- find out how that mitigation is being used to reduce and prevent impacts on ground and surface water; and
- ask questions in a Q&A session after the webinar.

Scan the QR code at the top for details or visit <https://Align-water-webinar.eventbrite.co.uk>
